248. Subject. - Clause V of the schedule.

Proposals for filling up vacancies in the grade of Surgeons, and reconsideration of the Government Order directing the abolition of the posts of District Medical Officers of Bangalore and Mysore.

OPINION OF THE COUNCIL.

With a view to further retrenchment and to provide for a less costly establishment for Public Health work in the Districts as indicated in the Government Order of 30th June 1921, the Council is of opinion that there may be -

(i) 8 District Medical Officers, viz., 6 for Districts other than Bangalore and Mysore for charge of [illegible] and Quarter Hospitals and District Medical work [illegible] 2 for Bangalore and Mysore for District [illegible] work and charge of Epidemic Diseases Hospitals;

(ii) The six sanctioned places of District Sanitary Officers may be abolished, the District Sanitary work in all the 8 Districts being performed by the Assistant Surgeons trained in Sanitation [illegible] working under the District Boards. These will be lent from the Medical Department the number of Sub Assistant Surgeons being increased to the extent necessary.

Note:- If any Deputy Inspectors of Vaccination are competent they may be also selected for sanitary training.

Extract from the Proceedings of the 604th *Meeting of the Council of His Highness the Maharaja, held at Bangalore on the* 30th March 1922. *19* .

(iii) The posts of Deputy Inspectors of Vaccination may be abolished, such of them as are fit for Sanitary training being selected for the training as indicated in the note above. Their vaccination work will be done by the Taluk and Municipal Sanitary Inspectors, after training in vaccination, if necessary.

(iv) The Sanitary Commissioner should be the Adviser to Government and local bodies in public health matters. He should be more closely associated with the work of the Public Health Institute of which he is the Director.

(v) The existing vacancies in the Surgeon's grade may be filled up and re-allocation proposals of Medical and Public Health Departments submitted by the Senior Surgeon in consultation with the Sanitary Commissioner.

Final Note by the Second Member of Council.

Subject:— Proposals for filling up vacancies in the grade of Surgeons and reconsideration of the Government Order directing the abolition of the posts of District Medical Officers of Bangalore and Mysore.

While passing orders on the proposals of the Finance Committee for the retrenchment of expenditure in the Public Health Department, Government in their Order No. G. 25243-63/Sany. 106-20-1 dated 30th June 1921 directed, among other matters, that the District Health Officers be replaced by Chief Sanitary Inspectors on a pay of Rs.100-10-150, that the appointments of Deputy Inspector of Vaccination be abolished and that the places of the District Medical Officers of Bangalore and Mysore, who have no hospital work at Head Quarters unlike other District Medical Officers, be also done away with, their work being distributed among the several Medical officers working in the two cities. This involved the abolition of two appointments in the Medical cadre as sanctioned in the Medical Reorganisation Scheme (G. O. No. 679-80/Med. 69-16-4 dated 13th July 1918).

Both the Senior Surgeon and the Sanitary Commissioner sought reconsideration of the said Government Order. The Senior Surgeon urged for the continuance of the old system and the appointment of separate officers as District Medical and Sanitary Officers for the Districts of Bangalore and Mysore, whilst the Sanitary Commissioner recommended,

(i) the continuance of full time Health Officers for the Malnad Districts of Hassan, Kadur and Shimoga,

(ii) the appointment of trained Sub Assistant Surgeons as Assistant Health Officers for Hassan and Chitaldrug Districts,

(iii) the combination of the Medical and Sanitary functions in

the remaining districts by entrusting the District Medical Officers with Sanitary work also and (iv) the retention of the existing Deputy Inspectors of Vaccination by tacking on Sanitary work to them and charging their pay to District Funds.

A The Senior Surgeon was informed in reply that, in the opinion of Government, there was no necessity for the appointment of such costly officers as District Medical Officers for Sanitary work, that the said work could be carried on more efficiently by a whole time officer trained in Sanitary matters than under the combined arrangement proposed and that the officers in charge of the Epidemic Diseases Hospitals in the cities of Bangalore and Mysore who have not much work might easily look after the duties of District Medical Officer without detriment to the efficiency of the hospitals. While agreeing to the latter proposal, the Senior Surgeon urged the need to retain the present number of officers in the Surgeons' grade, and suggested retrenchment only in the lower grades, and solicited permission to submit proposals to fill up the vacancies in the Surgeons' Grade. The question being referred to the Council, the whole position, both in the Medical and Sanitary Departments, was reviewed and the Council passed the following resolution at their meeting held on the 30th March 1922:-

"With a view to further retrenchment and to provide for a less costly establishment for Public Health Work in the Districts as indicated in the Government Order of 30th June 19[illegible], the Council is of opinion that there may be -

(i) 8 District Medical Officers, viz. 6 for Districts other than Bangalore and Mysore for charge of Head Quarter Hospitals and District Medical work and 2 for Bangalore and Mysore for District Medical work and charge of Epidemic Disease Hospitals;

(ii) The six sanctioned places of District Sanitary Officers may be abolished, the District Sanitary work in all the 8 Districts being performed by Sub Assistant Surgeons trained

in Sanitation and working under the District Boards. These will be lent from the Medical Department, the number of Sub Assistant Surgeons being increased to the extent necessary.

Note:- If any Deputy Inspectors of Vaccination are competent, they may be also selected for Sanitary training.

(iii) The posts of Deputy Inspectors of Vaccination may be abolished, such of them as are fit for Sanitary training being selected for the training as indicated in the note above. Their vaccination work will be done by the Taluk and Municipal Sanitary Inspectors, after training in vaccination, if necessary.

(iv) The Sanitary Commissioner should be the Advisor to Government and Local bodies in Public Health matters. He should be more closely associated with the work of the Public Health Institute of which he is the Director.

(v) The existing vacancies in the Surgeon's grade may be filled up and reallocation proposals of Medical and Public Health Departments submitted by the Senior Surgeon in consultation with the Sanitary Commissioner".

The resolution of the Council may be graciously approved.

The Palace, Mysore,

15th April 1922.

My dear Sir,

I am directed to return File No. C 20 dated 4th April, and to say that His Highness approves of the proposals made in the Council Resolution with regard to further changes in the Medical Department.

With reference to your remarks regarding the controversy between the two Members of Council, I am to say that it will be sufficient if your Submission Note, which states all that can be usefully stated in a matter like this, is shown to the Members. His Highness realises that differences of opinion are inevitable, and even desirable; but for them progress would cease, and society be savourless. At the same time, he feels that Members of Government should guard against ebullitions of temper, and refrain from finding fault with one another on paper.

Yours sincerely,

Mirza M. Ismail

A.R. Banerji, Esq., C.S.I., C.I.E., I.C.S.,

I have gone thro the minute of the Hon'ble Member & wish to say only a few words with reference to it. My proposals are, it seems to me, sufficiently clear & specific & that there is no need for the proposed Committee. Next I am to my pained & surprised to see that I am considered to have indulged in an innuendo. It is neither in my tendency nor my practice to indulge in such. I can only feel sorry if I have been misunderstood. As regards accepting responsibility for Committee recommendations, all I wish to say is that there was no necessity for a homily to be read to me in this matter. After putting in nearly two years of service under the Govt, I may be expected to know my rights & duties as well as my responsibilities.

Secretary.

Submitted to His Highness.

I submit herewith a Final Note by the Offg. Second Member of Council on the subject of proposals for filling up vacancies in the grade of Surgeons and re-consideration of the Government order directing the abolition of the posts of District Medical officers of Bangalore and Mysore, for His Highness' gracious approval.

In this connection, I beg to invite reference to the minutes of the First and Second Members of Council recorded in the file which I have now separated and put in a sealed cover. There has been unfortunately some misunderstanding over this matter which evidently arose from the observations made by Mr. P. Raghavendra Rao in his minute dated 10th January 1922 which I have marked "A". The Second Member took strong objection to those observations in his minute of the 6th February and this brought forth a rejoinder from the First Member and these, I have marked "B" and "C" respectively. These minutes of the Members of Council have been circulating openly in the Secretariat and it is a matter for regret that they were not treated as confidential at the outset. Secondly, I consider that the language which has been used by the Members of Council is somewhat lacking in dignity and not entirely in consonance with the spirit of concord and good-will that should exist amongst colleagues in the Executive Council.

As regards the principle, I agree with the Second Member's views but he used very strong language in asserting it; and as another Member of Council was concerned, the manner in which he has put forward his views is open to objection. As regards the First Member's reply, that too lacks in good taste for, it attempts a personal explanation and also a rejoinder of a somewhat personal nature and which refers to his long experience of 32 years under Government. I carefully avoided a refer-

reference to these matters in the Council discussion which has, in my opinion, resulted in a very satisfactory compromise agreed to by all parties. The chief point in regard to which there might have been a grievance was the abolition of two senior appointments in the cadre of Surgeons and the proposals now made for the district medical work as well as the District Sanitary work is in my opinion satisfactory and will meet the requirements for some time till we are able to provide larger grants in the budget for ~~xx~~ Public Health administration in the Districts.

I beg to request that if His Highness after perusal of the minutes of the Members considers that any further action is necessary by way of advice or instruction to them regarding the manner in which they have dealt with this case for their future guidance, His Highness may be graciously pleased to communicate his pleasure in the matter. My own personal views have been set forth above.

REVENUE & [illegible] L.2726 [illegible] 1921 LOCAL SELF GOVT BRANCH

To

D. Sreenivasa Iyengar, Esq., B.A.,
Offg.Secretary to Government,
Revenue Department, BANGALORE.

Sir,

Referring to your letter No.L.2082/Med. 14-21-2, dated the 3rd October 1921, I have the honour to submit that the views expressed in para 1 of my letter No.G.C.16, dated 19th July 1921 bore special reference to para 11 of G.O.No.25243-60/San. 106-20-1 dated 30th June 1921, directing the distribution of the duties of the District Medical Officers of Bangalore & Mysore among the medical officers stationed in those cities and the consequent reduction of the number of Surgencies by two. The duties of the District Medical Officers were enumerated with a view to show that none of the other medical officers in Bangalore & Mysore could conveniently be saddled with those duties. The co-ordination of those duties, some of which devolve on the District Medical Officer's under statutory and other provisions, such as, the Factories Regulation, the Insurance Rules, and the harmonisation of the work of District Medical Charges through out the State requires the appointment of one single officer for the discharge of all the duties, and does not admit of a splitting up of the duties only in the Bangalore & Mysore Districts.

and opinions in meetings of District Boards with due weight and authority and not merely to be regarded as the paid servants of the Board, liable to be employed on any duties (whether within or outside their legitimate sanitary duties) in the District Head Quarter or elsewhere in the same way as Taluk Sanitary Inspectors now are in the Taluk Head Quarters and Taluks.

3. My view that there should be better qualified officers for sanitary charges cannot be taken as indicating an immediate stoppage of the present combination of District Medical & Sanitary charges in one officer by the appointment to the latter charge of a class of wholetime officers of the kind defined in the G.O.under reference. The existing arrangement whereby the sanitary duties are entrusted to officers who have had University training is, beyond doubt, the lesser of the two evils.

4. One of the grounds adduced in para 3 of the G.O. in question against the combined District Medical & Sanitary charge, viz., that it"will affect the efficiency of District Hospitals owing to the frequent tours of District Medical Officers for sanitary work" has evidently ignored the provision made in the reorganisation of the Medical Department, (G.O.679-80/ Med.69-16-4 dated 13th July 1921) for a duly qualified Assistant Surgeon to be always at Head Quarters to sufficiently safeguard the interests of the working of the District Head Quarter Hospital. Although this requirement was only partially attended to till now, for want of qualified hands, I intend supplying the deficiency in the near future by proposing suitable transfers as I now have a sufficient number of Medical Graduates in the Department.

and the retirement of Mr. V.Abboy Naidu.

I have the honour to be,

Sir,

Your most obedient servant,

A.B. Mylvaganam

B.V.A.

Offg.Senior Surgeon.

Retrenchments in the Sanitary Department.

Passing orders on the proposal of the Special Finance Committee on the——

READ—

Government Order No. 5044-63—San. 68-16-6, dated 9th March 1918, sanctioning the re-organisation of the Vaccination Department and ordering the appointment of 9 Deputy Inspectors of Vaccination in 3 grades of Rs. 80, 70 and 50 each, to supervise the work of vaccinators.

2. Government Order No. G. 679-80—Med. 69-16-4, dated 13th July 1918, sanctioning the re-organisation of the Medical Department and fixing the number of Surgeons' charges at 16 including 8 Surgeons for District charges.

3. Government Order No. G. 18997-9—San. 73-17-6, dated 1st March 1919, sanctioning the re-organisation of the Public Health Department and ordering the appointment of a District Sanitary Officer for a group of two districts each and relieving the District Medical Officers of the District Sanitary charge.

4. Government Order No. G. 10633-43—San. 73-17-8, dated 12th November 1919, appointing, in modification of the above order, one Sanitary Officer for each of the six districts except Bangalore and Mysore, the District Medical Officers of the latter two districts being *ex-officio* Sanitary Officers of these districts and directing that the District Sanitary Officers be disignated District Health Officers.

5. Government Order No. 1964-74—Med. 52-19-3, dated 27th July 1920, ordering the formation of a separate cadre for Lady Medical Officers and reducing the number of Surgeoncies available for men from 16 to 14.

6. Government Order No. G. 25243-63—San. 106-20-1, dated 30th June 1921, sanctioning certain retrenchments in the Public Health Department, replacing the District Health Officers by officers of a lower rank on a pay of Rs. 100—10—150 under the designation of Chief Sanitary Inspectors and abolishing the post of District Medical Officers at Bangalore and Mysore.

7. Letter No. 249, dated 14th July 1921, ordering that the two vacancies in the grade of Surgeons caused by the death of Mr. Kuppusawmy Mudaliar and the retirement of Mr. Abboy Naidu should be kept unfilled.

8. Letter No. G. C. 16-4, dated 9th November 1921, from the Senior Surgeon in Mysore, submitting his views on the appointment of Chief Sanitary Inspectors to replace District Health Officers and strongly urging the revival of the two posts of Surgeons ordered to be abolished in the letter of 14th July 1921.

9. Correspondence ending with letter No. C. 1-4, dated 18th February 1922, from the Sanitary Commissioner in Mysore, stating that Chief Sanitary Inspectors will be unsuitable for charge of District Sanitary work unless they are recruited from the ranks of Sub-Assistant Surgeons and given sanitary training and submitting certain other proposals for District Sanitary work in the Maidan and Malnad Districts.

10. Recommendations of the Special Finance Committee in regard to retrenchments in the Sanitary Department.

ORDER NO. L. 7567-82—SANY. 55-21-1, DATED 26TH JUNE 1922.

While passing orders on the proposals of the Budget Finance Committee (1921) for the retrenchment of expenditure in the Public Health Department, Government directed in their Order No. G. 25243-63—San. 106-20-1, dated 30th June 1911, among other matters—

(1) that the District Health Officers appointed in the Government Order of 12th November 1919, read above, be replaced by Chief Sanitary Inspectors on a pay of Rs. 100-10-150.

(2) that the posts of Deputy Inspectors of Vaccination as well as the Reserve staff of one Sub-Assistant Surgeon and three Sanitary Inspectors be abolished and

(3) that the places of District Medical Officers of Bangalore and Mysore be abolished, their work being distributed among the several Medical Officers working in the two cities.

Institute. He will correspond direct with the Government in all matters relating to these two Institutions and the Sanitary Commissioner will have no control over them so long as Mr. Pani is in charge of them. Mr. Pani's appointment will count against the post of Senior Assistant Director on Rs. 400-700.

8. From the 1st July 1922, Mr. G. M. Dominick will revert as Assistant Director, Public Health Institute, and Assistant Chemical Examiner to Government.

9. The Senior Surgeon is requested to submit proposals for the absorption of Messrs. P. Parthasarathy and F. Fernandez in the Medical Department and to select the required number of Sub-Assistant Surgeons and also such of the Deputy Inspectors of Vaccination as are competent for appointment as Chief Sanitary Inspectors or are fit to undergo training and submit their names for approval. He is also requested to send up proposals for the training to be given to the selected officers in Sanitary Science to qualify them for their new duties. Until these are trained, the District Medical Officers will continue in charge of the District Sanitary Officer's duties.

10. Such of the Inspectors of Vaccination as are not selected for training may be appointed as Sanitary Inspectors, if qualified whenever there are vacancies. Those not qualified for appointment as Sanitary Inspectors and for whom no other vacancies are available may be retired on such gratuity or pension as may be admissible under the Mysore Service Regulations.

11. Separate orders will issue regarding Mr. V. L. Manker, pending such orders he will continue as Health Officer, Shimoga District, on his present pay.

12. The financial effect of the arrangements ordered will eventually be as follows:—

		Rs.
(1)	Net savings as indicated in the Government Order of 30th June 1921	29,456
(2)	Abolition of the post of the Sanitary Commissioner.	12,000
